**NEW APPLICATION SITE FOR THE METRO SCHOOLS, ECDC, HAROLD T. BRANCH, COLLEGIATE
AND GIFTED AND TALENTED**

Corpus Christi Independent School District and the Office of Innovative Programs are pleased to unveil a new application site for parents interested in applying to one of the programs listed above. This one site allows you to apply for all programs. The following steps will help you get to the application site and learn more about these programs:

1. Go to <http://programsofchoice.ccisd.us> .
2. This is an online application system and you will need to login or register.
 - a. If you are an **existing CCISD parent** (you have at least one child attending CCISD schools), you will need the information from your **Guardian** Account. This information was emailed to you by the district and contains information about your login and password. If you have questions about your guardian account, please contact the registrar at your child's home school.
3. Once you are on the site (Steps 1 and 2), existing CCISD parents will click on **existing CCISD parent** and log in with your guardian account information (See step 3).
 - a. Parents new to CCISD schools will click on **non-CCISD parent** and complete the registration process. Then you will have the option to add your child(ren) to your account.
 - b. Once you are logged into the system, the screen should allow you to choose the child you want to apply for from a dropdown menu. If you have children already in school their names should appear in that list. If you are registering a child that has not been in school before, you will see the option to add that child.
4. Once you have chosen the child/children you want to apply for, the next screen will give you the choice of which program to apply for. The system will recognize your child's date of birth/age and will only give you the option for applying to schools for which your child is eligible to attend based on their age.
5. After that, you will complete the application and at the end you will have the choice to save the application as a draft, print it, or submit it. This gives you the opportunity to review your information if necessary.
6. Once you have submitted your application, you will receive a confirmation email that confirms your registration and will also include an application number.

If you have any questions or concerns, please feel free to contact Collegiate and Brach directly. For other programs:
